Welcome to the Peak Health Spa at The Capra

Peak Health is a wellness company offering holistic health programs designed in collaboration with a global team of medical and wellness experts. Our aim is to help clients improve overall well-being while developing habits for continuous healthy living. Peak Health tailors bespoke treatments and programmes around these five areas to help foster positive lifestyle changes. Each of our offerings, treatments and products is based on the latest scientific advances, focusing on intelligent recovery, regeneration and holistic wellness. These are constantly tested and evaluated on strict criteria to provide maximum value to our clients.

Peak Health has two signature offerings:
